○ Chapter 1

Johnny and his friend Fergie see Johnny's neighbour Professor Childermass talking to nobody. They think he's gone insane. Fergie thinks of the great idea to spy on him. The Professor catches them.

○ Chapter 1

After the Prof. catches Johnny and Fergie, he invites them to his basement and shows the boys a time travel machine.

○ Chapter 2

The three men go for a ride in the machine and end up in Constantinople, 1453. In Leander's Tower, Childermass wants to come up with a way to stop the war on Constantinople. They then head back home.

○ Chapter 3

The Prof. tells Johnny and Fergie that the Turkish army will arrive to conquer the Byzantine Empire. It seems that he has intentions to interfere with the war but when questioned,, he denies it.

○ Chapter 4

Fergie wants to sneak in the Professor's house to ride the Trolley. They follow with the plan and end up in a closet in Topsfield.

○ Chapter 5

Johnny and Fergie see that the Professor is up to something so they follow him. They end up outside his house and sneak in through a window. They see that the trolley is leaving so they hop on it.

○ Chapter 6

The boys are back in Constantinople. They land in Leander's Tower and the Professor explains that he would pretend to be the Angel of Light with the help of a flare. A Turkish soldier catches them

○ Chapter 7

Childermass lies that the Sultan has sent them but the soldiers proceed to take them into custody. Just as they leave, Venetian ships arrive. The Professor fires a flare to settle the conflict.

○ Chapter 8

The leader of the Venetian army is Al Townsend, the inventor of the Trolley. He was stuck in Constantinople for almost 30 years! All four of them set sail to Leander's Tower but a storm interferes.

○ Chapter 9

Due to the storm, they wash up on shore and find shelter in an abandoned church. Johnny is severely injured because of getting cut by a poisoned knife. Ghostly knights help them and aide Johnny.

○ Chapter 10

The knights inform the Professor that Johnny needs to be taken to Constantinople in order to heal. They also give him a handy object called the Tabergan. It will take them anywhere they'd like.

○ Chapter 11

Guards see the group transporting to the other side of the gate that protects Constantinople. The Professor and Fergie carry Johnny to a church and he miraculously heals. They run away to a tunnel.

○ Chapter 12

Although the tunnels are blocked, the Professor figures out the code and leaves the guards in the dust! They run towards the city and hide in mines.

○ Chapter 13

Childermass, Johnny and Fergie dig through the mines and discover some boats in a deserted river. In the distance, they see another boat with 3 dead bodies.

○ Chapter 14

Childermass, Johnny and Fergie encounter the Guardian of the Sunken Place. They must say the names of the seven kings of Rome; the seven hills of Rome; and name the present emperor of Byzantium.

○ Chapter 15

They pass the test and ascend to a tower. The Professor decides to stick with his original plan as it is his last hope. The gates of Constantinople were about to close but the soldiers let them in.

○ Chapter 16

Childermass fires the flare and the Turks flee. Later, a monk and Childermass duel for the Tabergan. He retrieves it back and saves Townsend along the way. They enter Leander's Tower.

○ Chapter 17

Childermass controls the Trolley and they make it back home safely. To celebrate, they head to the kitchen and have drinks.

○ Chapter 18

At the Professor's party, Townsend decides to go back in time because he doesn't exactly fit in the '50s. Childermass accepts the fact that you cannot change the course of history.
